TRADITIONAL SECTIONS

Student Life (25%)
Organizations (12-15%)
People (25-30%)
Academics (12-15%)
Sports (15-18%)
Ads/Community (5%)

STUDENT LIFE

Includes all of the non-academic parts of a student's life at school, such as dances, festivals, locker contents, fundraisers, weekends, food, and anything else you can think of that is not related to a class.

This is the section that most alumni will look back at to reminisce about the fads and styles of school.

Examples: Homecoming, Fashion, Music, Social Media

ORGANIZATIONS

This section includes your clubs. Each organization will have a group photo as well as pictures of events they have sponsored, organized, or competed in. Some staffs decide to just focus on events and candid shots in the organizations section and have a separate section for the club and group photos.

Examples: Science Club, Spanish Club

PEOPLE PAGES

Professional portraits are included of everyone who attends and works at the school. Names are included to the outside.

Some type of copy (text), other than names, appears on every portrait spread. **What are some examples?**

All head sizes and backgrounds are consistent

FACULTY PAGES

Each faculty member is identified by title (Dr., Miss, Mrs., Ms., Mr.) with information about exact subjects taught, positions held, and sponsorship or coaching of any group or sport.

ACADEMICS

This focuses on a student perspective of different departments, classes, teachers, exams, field trips, presentations, etc. The focus should be what goes on in the classroom, not what is taught.

Examples: Biology Labs, Creative Writing, Artwork

SPORTS

The section features all of the school's sports teams. These pages include a picture of the entire team, coaching and managing staff, a complete scoreboard with the team's season record, and action shots.

COMMUNITY/ADS

Selling ads to local businesses and organizations in the community is a great fundraiser for the yearbook. These ads are placed in the back of the book.
